THE RESHAPE WORLD

RESHAPE was born from the experience of Rexasitt and the vision of Daniele Gollinucci, redefining **ergonomic seating** through **design**, **modularity**, and **sustainability**.

Each component is designed to be replaced or renewed, reducing environmental impact and extending the product's life cycle.

A **100% Italian brand** that combines craftsmanship and technology to deliver innovative, flexible, and responsible seating solutions.

OUR EXCLUSIVE PATENTS

Each RESHAPE chair is the result of continuous research in ergonomics, functionality, and sustainability, enhanced by five exclusive patents that define its performance and quality.

- **Synchronized automatic mechanism:** ensures smooth, natural movement between the seat and backrest, promoting correct posture and lasting comfort, thanks to a system that allows you to customize the backrest thrust. Backrest can be locked in 3 positions. [VIDEO ▶](#)
- **Booster system:** by simply turning a lever, you can double the strength of the backrest, ensuring smooth and ergonomic movement, even with weights of over 100 kg (220 pounds). [VIDEO ▶](#)
- **Quick attach:** an innovative quick attachment/release system that allows for easy, fast, and tool-free assembly and replacement of components. [VIDEO ▶](#)
- **Seat upholstery:** an upholstery mounting and removal system allows the fabric to be easily removed from the support for cleaning or replacement. [VIDEO ▶](#)
- **Backrest upholstery:** an upholstery mounting and removal system allows the backrest cover to be easily detached from the support for cleaning or replacement. Ergonomic, interchangeable backrest designed to provide optimal support and comfort, made from high-quality recyclable materials. [VIDEO ▶](#)

Each component is crafted to ensure comfort, modularity, and durability, blending functional design with environmental awareness.

WHAT MAKES RESHAPE UNIQUE

RESHAPE is much more than a chair: a modular, ergonomic, and sustainable system designed to adapt to your work style and last over time.

- 01. Distinctive features:** removable covers, quick-release system, Booster system, adjustable armrests and lumbar support.
- 02. Modularity:** every part is designed to be interchangeable, allowing you to configure the chair according to your ergonomic needs.
- 03. Ergonomics:** created to support posture, reduce physical stress, and promote well-being during long hours of work.
- 04. Sustainability:** recyclable materials and long-lasting design, awarded with the Green Good Design Award 2024, a recognition that celebrates innovation in ecological and responsible design.
- 05. Ease of use:** thanks to its modular system, the chair can be assembled and customized intuitively, saving time and reducing logistical costs.

Sustainability Award

SIT ON ITALY

Innovative and **multi-patented**, it is created to adapt to you and to your time. Thanks to its modular system, you can renew the upholstery, change colors, or replace individual components on your own: a simple solution that avoids waste and gives new life to the chair whenever you wish.

An approach that reduces waste, limits transportation, and lowers CO₂ emissions, with eco-sustainable materials chosen to respect the environment.

All this comes together with beauty: each shade is inspired by **Italian villages and landscapes**, sights that preserve unique stories and atmospheres, from Matera to Portofino, from Amalfi to Stromboli.

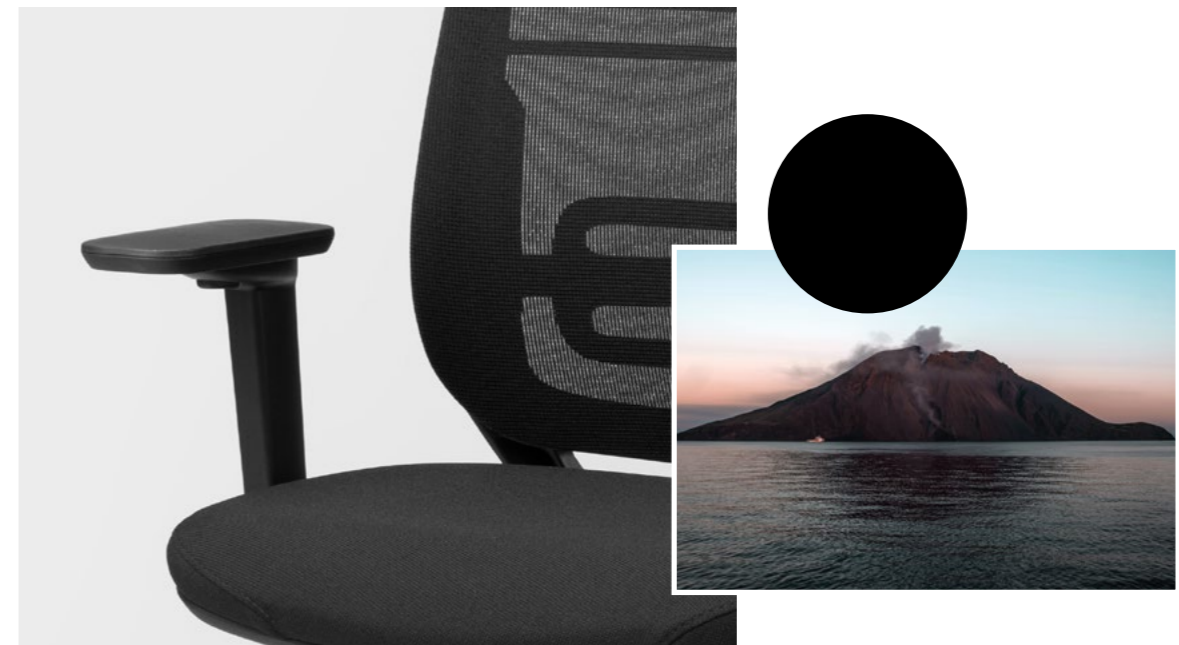

Every color carries the **identity of a location**, turning RESHAPE into an experience that blends innovation, style, and authentic Italian charm.

STROMBOLI

Inspired by Stromboli's volcanic energy and night skies, this intense black evokes a sense of strength and elemental power. Its solid, essential lines convey presence and calm authority, while the sturdy structure and modular design allow it to adapt and evolve over time. This is a chair that anchors any space, offering focus, depth, and a quiet, elemental elegance.

BURANO

A deep, vibrant teal takes inspiration from the colorful energy of Burano's canals and houses, conveying creativity, elegance, and a sense of movement. Its lively, dynamic lines and modular, sustainable construction allow it to adapt and reinvent itself over time, making it a chair that embraces fluidity and balance while bringing character and authenticity to every environment.

AMALFI

Evoking the sparkling sea and sky of the Amalfi Coast, this soft, luminous blue brings lightness and clarity to any space. Its light, essential lines combine elegance with a welcoming presence, while the modular upholstery and durable design allow it to adapt and renew effortlessly over time. It is a chair that brings freshness, calm, and a breath of Mediterranean clarity wherever it stands.

PORTOFINO

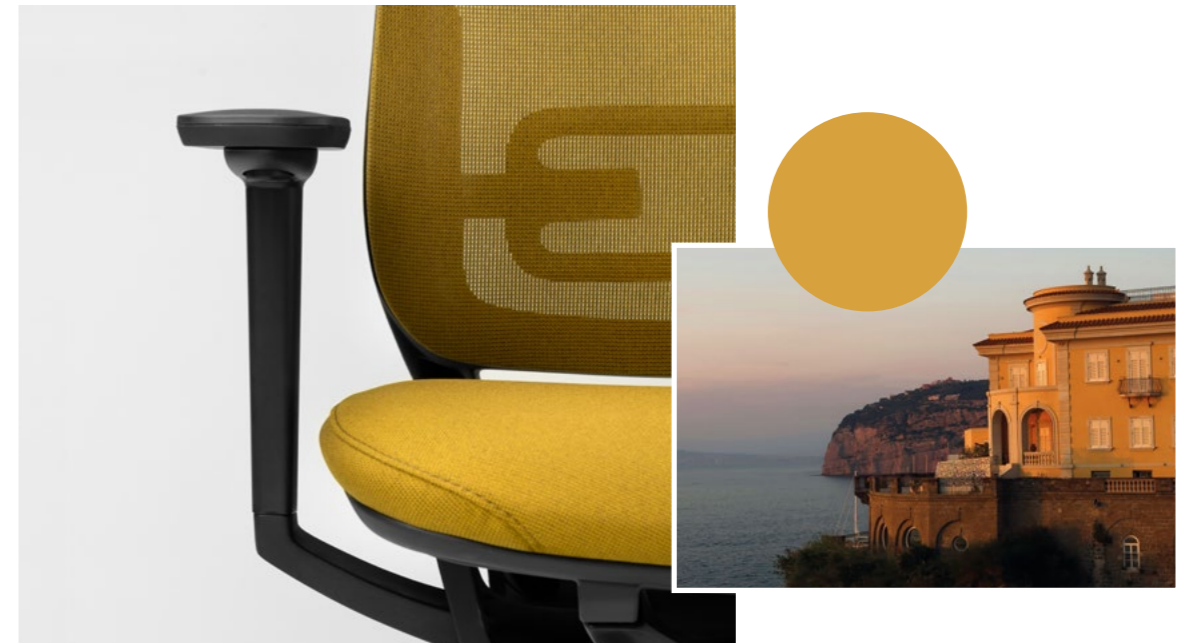

With interchangeable upholstery and a modular structure, this chair adapts gracefully to any environment. Its flowing, elegant lines offer comfort and presence without ever imposing, while its design evolves and renews over time, reflecting flexibility and timeless style. Like the natural beauty of Portofino, it brings calm, balance, and effortless refinement to every space.

SORRENTO

Inspired by the sun-drenched coast and lemon groves of Sorrento, this vibrant yellow chair radiates energy, joy, and a sense of well-being. Its warm, embracing curves and clean, essential lines allow it to adapt effortlessly to any space, while its modular upholstery ensures longevity and versatility. It is a chair that brings Mediterranean vitality, uplifting both mood and environment wherever it is placed.

MATERA

A warm beige inspired by Matera's ancient stone and sunlit landscapes, this chair combines soft, natural curves with a welcoming presence that echoes the city's timeless balance of past and present. Its modular upholstery and sustainable materials allow it to endure and renew gracefully over time, making it a piece that honors the earth, the beauty of raw materials, and the gentle light shining on the stones.

ALBEROBELLO

Taking inspiration from the timeless charm of Alberobello's trulli at sunset, this soft, warm pink chair reflects the simplicity and authenticity of Mediterranean architecture. Its clean, delicate lines offer comfort and harmony, creating a sense of home wherever it stands. Delicate in tone yet strong in presence, it invites you to pause, relax, and enjoy a quiet, graceful moment.

CARRARA

Inspired by the timeless strength of marble, this gray-hued chair is its sculpted clean lines which. Its sculpted, clean lines wich convey solidity, purity, and understated elegance, while its design allows it to adapt gracefully and provide a reliable presence without losing its essential, ùrefined character. Built to endure and evolve over time, it is a quiet, enduring statement of style and resilience.

BAROLO

A tribute to land and time, this deep Bordeaux chair evokes autumn vineyards and wine slowly maturing in oak barrels. Its welcoming, elegant lines provide firm yet gentle comfort, while its presence evokes warmth, refinement, and character. It is a chair that invites you to pause, relax, and savor every moment, just like this aromatic Italian red wine.

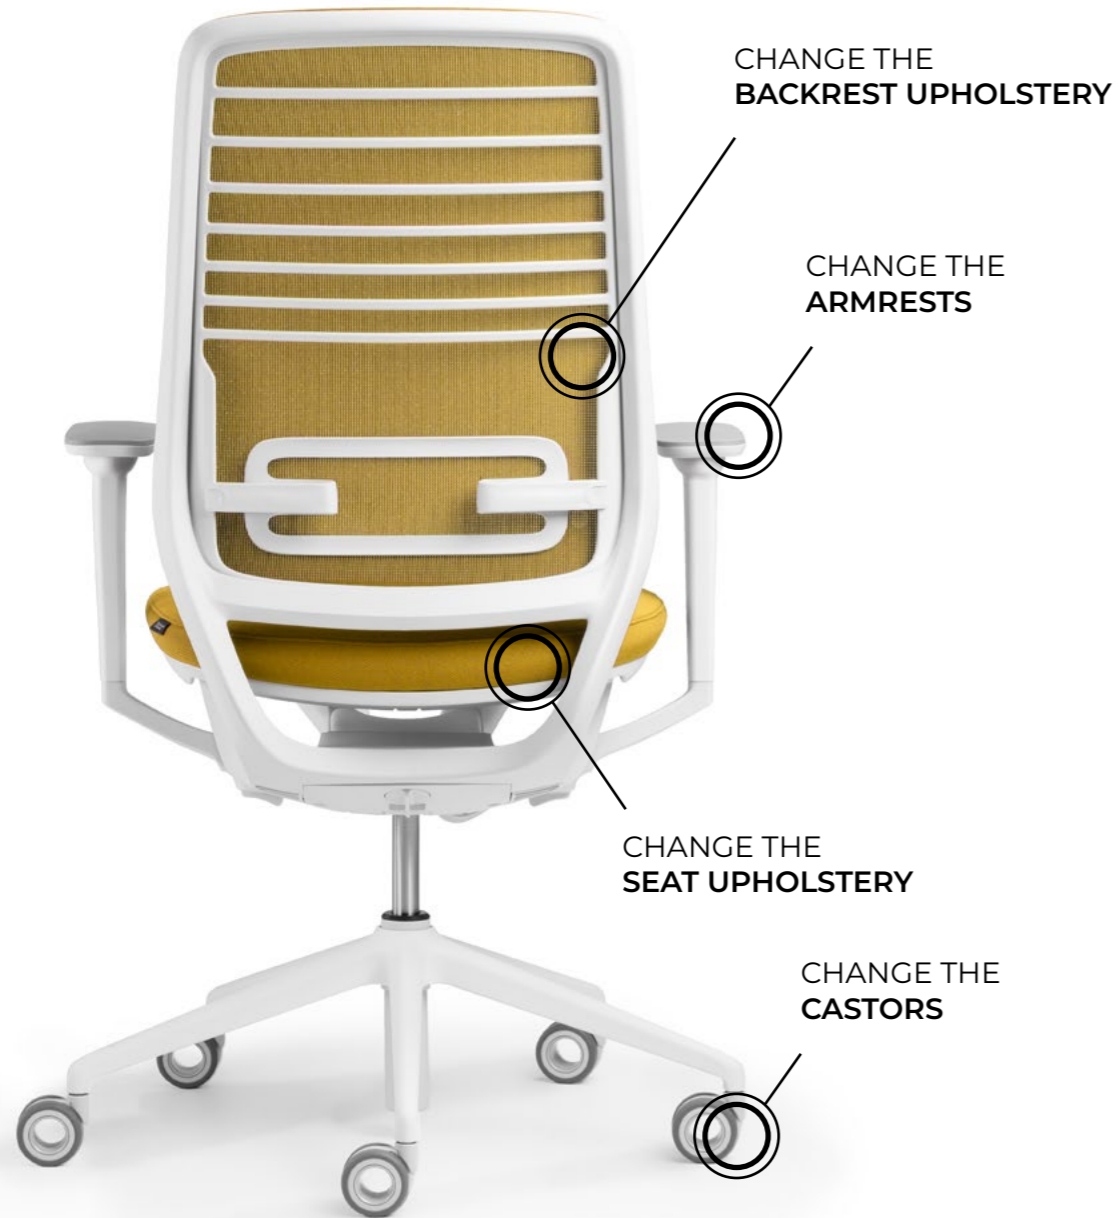

CONFIGURE THE STRUCTURE, DEFINE THE LOOK

The chair adapts smoothly to any environment with two refined plastic finishes: **Black** conveys character and professionalism, perfect for contemporary, dynamic workspaces; **Seagull**, a light and sophisticated tone inspired by Mediterranean brightness, brings visual freshness and highlights the chair's clean lines.

For those seeking an extra touch of elegance and strength, the **aluminum base** offers the perfect balance. Solid, lightweight, and durable, it adds a refined accent to the design while ensuring lasting stability and performance.

CUSTOMIZE COMFORT WITH OUR ACCESSORIES

With RESHAPE, every detail adapts to the way you live your space.

All the elements that make up the chair - **fabrics, backrest, armrests and accessories** - are easily interchangeable, allowing you to personalize your workstation with both style and comfort.

A smart, modular system that gives you the freedom to **refresh your chair whenever you need**, with the assurance of ergonomic design and timeless appeal.
